It has been an eventful term for the Professional Development Sub-Committee (“the Committee”). The Committee is responsible for organising seminars, talks and forums under the Continuing Professional Development (CPD) programme for the Members of the Bar (“Members”) and Pupils in Chambers (“Pupil”). The Pupils who are completing their pupillage period in Selangor under the purview of the Selangor Bar are required to attend at least 4 talks organised by the Selangor Bar Committee.

Our objective, amongst others, is to enable the Members and Pupils to be better equipped with necessary knowledge and skills to stay competitive and competent especially during these trying times. Many of the

talks have returned to physical or hybrid mode post pandemic while some talks which are conducted via Zoom allow wider participation from around the country as well.

Once again, we have continued with the momentum from previous years and arranged numerous seminars and forums. Besides the usual seminars and talks which are the backbone of the Committee, the Committee organised the Inaugural Selangor Bar Employment Law Conference 2024 and 2-day Islamic Finance Course which were both successful events that benefitted members tremendously. This term also saw collaboration with other organisations such as the ASEAN Law Association (ALA) and the Johore Bar Committee.

The Committee further supported the Selangor Bar Law Conference 2024 held in September 2024 and the Criminal Law Series of Talks which were organised throughout the term. Further details of the events organised are provided below.
