The Professional Development Sub-Committee is responsible for organising lectures and seminars under the Continuing Professional Development (CPD) programme for Members of the Bar (“Members”) and Pupils in Chambers (“Pupils”). These programmes form an integral part of the Selangor Bar’s commitment to continuous learning, professional excellence, and the maintenance of high standards within the legal profession.

The Pupils under the Selangor Bar are required to attend at least four (4) talks organised by the Selangor Bar Committee as part of their professional training and development.

Our objectives, among others, are to better equip Members and Pupils with the necessary knowledge, practical insights, and skill sets to remain competitive, relevant, and competent in this evolving legal landscape.

In line with these objectives, and building on the momentum and positive response from previous years, the Sub-Committee has continued to organise a wide range of CPD talks covering diverse areas of legal practice and current developments. In addition, the Sub-Committee also supports and assists in the implementation of CPD programmes organised by other Sub-Committees of the Selangor Bar. Please find appended the list of talks conducted for the 2025–2026 period.

The speakers engaged for these CPD programmes were predominantly experienced legal practitioners who specialise in their respective fields of practice. Their willingness to share practical knowledge, insights, and experiences has greatly enriched the learning experience of both Members and Pupils. We would like to express our deepest appreciation and sincere gratitude to all speakers for generously sacrificing their time and contributing to the professional growth of the Bar.

We also wish to place on record our sincere thanks and appreciation to the Secretariat staff, who have worked tirelessly and diligently behind the scenes to ensure the smooth and efficient running of all CPD seminars, whether conducted virtually via Zoom or through physical sessions. Their continued support and commitment have been instrumental to the successful implementation of these programmes.

The Sub-Committee remains mindful that there is always room for improvement. We take full responsibility for any shortcomings thus far and would welcome constructive feedback and suggestions from Members and Pupils to further enhance the quality, relevance, and delivery of CPD talks in the future.

**PLURALIST CONSTITUTIONALISM:
UNITY WITHOUT
UNIFORMITY**

27th September 2025
10.00am - 11.30am
Horizon Banquet Hall, Level 3A
Menara BAC, Petaling Jaya

OVERVIEW

There is a growing consensus that the current view that pluralism is a source of division, rather than a source of strength, for 'multi-ethnic' societies, is flawed. This is particularly true in the context of the Malaysian legal system, where the concept of 'unity without uniformity' is a key principle. This session will explore the challenges of pluralism in a multi-ethnic society and the role of the legal system in maintaining unity without uniformity.

HOW TO SUCCEED IN FEDERAL COURT LEAVE APPLICATIONS

2 CPD POINTS

Leave applications in Federal Court rarely succeed – of the 1,000 filed, only 100 survive. The odds may be daunting, but success is possible. Many applications fail not on hearing day but in preparation, due to weak technique. Technique is critical and, thankfully, it's a skill that can be learned and transferred.

Some counsel consistently achieve success because they follow specific, proven strategies. This talk breaks down 25 essential techniques to strengthen your applications, from crafting compelling arguments to targeting key legal issues. These practical tools can make a measurable difference in your approach.
