

REIMAGINING PARTY AUTONOMY: WHY MEDIATION, AIAC ARBITRATION, AND STRATEGIC DISPUTE RESOLUTION REPRESENT THE FUTURE OF COMMERCIAL JUSTICE

This webinar examines how commercial justice is evolving beyond the traditional litigation-versus-arbitration paradigm towards an integrated dispute resolution framework built upon mediation, arbitration, judicial support, and emerging technologies.

Drawing upon developments in Malaysia, Singapore, England, Hong Kong, and Australia, the session explores how mediation, arbitration, and strategic dispute resolution pathways can better serve commercial parties in an increasingly complex and technology-driven environment.

CHUA ENG SIONG

Advocate & Solicitor | Arbitration & Dispute Resolution Practitioner | AI & Law Researcher

Chua Eng Siong is an Advocate and Solicitor of the High Court of Malaya with more than 33 years of practice experience and is the Principal of M/s Chua Eng Siong Associates.

His professional work and academic interest focus on arbitration, dispute resolution, and the intersection between law, technology, and artificial intelligence.

He is actively engaged in research and professional discussions on Generative Artificial Intelligence, AI governance, procedural fairness, judicial decision-making, and the preservation of human judgment within the administration of justice.
